

Finding the right care for you

Are you looking for support to arrange care in your own home or help in finding and choosing a care home for yourself or someone close to you?

Whether you're looking for care to remain independent in your own home, or a residential or nursing home, CHS Healthcare is here. Since 1995, we have been offering a free care-finding service, along with expert advice to help you search for a care solution that's right for you or your loved ones.

Our service is completely independent and comes at no cost to you or your family
